

Dear Akkoza Floor Owners;

Since we came to the position of Akkoza Site Management, our aim is to gain Akkoza's interest, and our goal is to give Akkoza's value to deserve. We had all won the process together in July 2019, when we had been working for 3 years. For being Akkoza Site Management, we met with lots of obstacles but even so we have had a good innings all together.

On this way we started with this slogan " Akkoza will be managed by Akkozans", firstly we discovered our problems together and we created lots of solutions together again. We have made this success and we will make it tomorrow. Akkozans will be raise the value of Akkoza.

We have seen more of the real Akkozans walking the road with us as we have achieved these successes than we thought. Our motivation for achieving even greater success continues to rise with the true Akkozans we have walked the road with the magnitude of the support we have received.

All people struggle with the Covid-19 epidemic. Covid-19 may –without making discrimination- kill to and get sick to all people.

Decisions taken against the corona virus worldwide and throughout the country will create financial difficulties for many families. And Akkoza Site Management stand by all Akkoza Floor Owners.

Many site management marking something up ex. %30 of electricity, gas, water to and %15 minimum wage hike which means they are marking up to neighbors to %10 or %20 in this region. But, first time in our history, we are preferring share to all your problems and disburden. In this term we will not markup. On the contrary, we will discount to %25 to all dues. In the end, we will contribute to all Akkoza Floor Owners's budget with discount totally %35-%45. It will start in April. Good luck with it all of us.

The dues reduction will, of course, lead us to do serious financial work on the payment of our bills, a much more serious budget management, and perhaps many austerity measures. We are believing, all Akkoza Floor Owners will exemplify of solidarity and support. We are believing them for all Akkoza Floor Owners will make payments to until the 10th of every month. Don't worry, because we will invest as our budget with measures taken. Please, don't forget! Akkoza is our! We should be in solidarity for uplift. We are believing, we will get over these hard days all together.

We wish live a healthy life to you and your family. We are together with all floor owners.

#getbetter

Best regards,
